3. New items to be discussed at a future Mayor's Office Meeting with City Officials
4. Should the Association sponsor Fisher Hill events?
 - a. Like an annual neighborhood Block Party?
 - b. Like a musical event in the Ridgeview Congregational Church?
 - c. Like a neighborhood "clean up"?
5. Open discussion on any issues or topics the Board would like to discuss

2/2/26

Fisher Hill Board Meeting – via ZOOM

Date: Wednesday, January 28, 2026

Time: 7 – 8pm

Attendees:

Michael Dalton, Sandra Adams, Joanne McLaughlin, Aleta Rice, Tania Saiz, Howard Waldman

FHA Meeting Minutes:

1. Dalton shared updates regarding his election as president of the White Plains Council of Neighborhoods (CNA) and the transition of leadership within the Fisher Hill Association, as Joanne Delanoy will be moving to another neighborhood in White Plains and is stepping down as treasurer. Jane Prout has agreed to act as the interim treasurer until the upcoming election in June,
2. Dalton reviewed the status of several development projects on Westmoreland Ave. The developer of the Mill Street Apartment (191 units) project did not renew/extend their “Site Plan Approval” to re-develop the Zachy’s warehouse at the north end of Westmoreland Ave. Any developer interested in re-developing the Zachy’s warehouse into a rental apartment building will have to begin their application process from the “beginning”. At this time...there is no developer interest in re-developing the Zachy’s warehouse. The Westmoreland Lofts (62 units) project is unlikely to move forward. The construction cost of the proposed building has made this project unlikely to ever be built. The developers of the Sheffield project (154 units) on Westmoreland has not yet re-submitted their proposed project to the Common Council approval. The Planning Department expects the developer of the Sheffield project to re-submit the project to the Common Council in the near future.

Dalton will contact Deputy Planning Commissioner Mezey to get an update on the approved Downtown Revitalization projects.

3. Dalton reviewed his conversations with the new mayor, Justin Brash, and the changes in city administration, including the appointment of Karen Pesquale as chief of staff. Dalton explained to Mayor Brash that over the past 15 years the FHA had developed a collaborative relationship with the Mayor’s Office and the City’s Commissioners. In that time...the FHA has met with the Chief of Staff and City Commissioners 3 – 4 times a year in the Mayor’s conference room. Dalton stressed to the Mayor the importance of maintaining regular communication with city

officials to address issues and concerns that effect the Fisher Hill neighborhood. Mayor Brasch supported the idea of continuing the FHA “Mayor’s Office Meetings” but, he explained that he and Ms. Pasquale will need several months to become acquainted with the variousCity Commissioners before we could schedule a new “Mayor’s Office Meeting”.

4. Dalton asked the attending Board Members if they supported having the FHA sponsor neighborhood events....like...an Annual Block Party, or Neighborhood Clean-Up. Dalton highlighted the Ridgeview Congregational Church as a suitable venue for community meetings, noting its long-standing presence in the neighborhood and its current lack of active congregation. He suggested that the church could serve as a community center, proposing events that would engage local residents while also supporting the church financially. The attending Board Members expressed enthusiasm for these ideas, indicating a collective desire to enhance community involvement and strengthen
5. Dalton provided details about the White Plains Council of Neighborhood Association meetings, which are open to the public. The CNA meets on the 2nd Tuesday of each month from 7-9pm. The next CNA meeting will be on Feb 10th the guest speakers will be updating the CNA on the current White Plains Hospital construction project and their future expansion plans.

Dalton discussed the cannabis industry, highlighting its regulatory challenges and the community's interest in new dispensaries. He shared insights from his visit to a local dispensary and plans to bring in experts to educate the CNA on cannabis regulations and their retail dispensaries.

Dalton was asked if he knew whether the Scarsdale Medical Group is affiliated with White Plains Hospital? Dalton replied that he did not know the answer to that question. Dalton provided insights into the hospital's expansion plans, including a new parking garage and discussions around workforce housing for employees. He noted that hospitals must continually adapt to advancements in medical technology, which often necessitates physical expansions to improve patient care and facilities. Dalton also mentioned the challenges posed by legacy buildings that become outdated and landlocked over time.

Dalton discussed the relationship between White Plains Hospital and Montefiore, emphasizing that White Plains is part of Montefiore's system rather than an independent entity.

Tasks to be completed:

1. Dalton will contact Judy Menzi from the planning department to get an update on the downtown revitalization projects, including the clock tower project.
2. Dalton will share the Zoom link for the upcoming CNA meeting on February 10th with the FHA board.
3. Dalton will draft a letter to be sent to the entire Fisher Hill Association membership. The “draft letter” will ask FHA residents what type of events they would support and attend. Dalton will email the “draft letter” the FHA Board’s review and approval.
